

DRAFT STRATEGIC PRIORITIES

MAXIMIZE CHOICE & INCLUSION FOR PEOPLE WITH DEVELOPMENTAL DISABILITIES

Intent: The future of developmental services in Ontario will support people with disabilities to have many more choices about what they do, where they live, and how they wish to be included in community. To achieve this, we will look at how we support people now and into the future, including the perspectives of MCCSS's Developmental Services Sector Reform: Journey to Belonging and delivering person directed outcomes.

CREATE MEANINGFUL CONNECTIONS ACROSS ALL STAKEHOLDERS

Intent: Everyone seeks meaningful connections, especially after the isolation experienced through COVID. The challenges facing the developmental services sector will require the collaborative efforts of Brantwood, people served, their families and friends, and community partners in new and powerful ways. Brantwood will be a sector leader by expanding our current connections and creating new relationships to best support the people and stakeholders we serve..

BUILDING A SKILLED, DIVERSE & ENGAGED WORKFORCE

Intent: Brantwood team members are at the heart and strength of our services. As the people we support present increasingly complex needs (e.g., aging, dual diagnoses, behavioural challenges, etc.) our team's skills must grow with them. We will maintain the heart and dedication with which we provide those services, and ensure we embrace the diversity of our community and team members.
