Recreation Therapy Centre

Brantwood offers several annual membership packages which expire at the end of the calendar year. In order to choose the package best suited to your needs, simply determine your number of uses per week and multiply by the number of weeks remaining in the year.

Membership packages can be shared with additional people in your household or agency, but **each visit for each person counts as one use**. There is also a single visit rate. There is no charge for children under two years and no charge for a support person for someone with special needs.

Brantwood also offers warm water Aquafit Classes which help with arthritis, chronic pain and cardiovascular function. **Off the Wall** (Mon) is an active class with high energy exercise in a fun environment and **On the Wall** (Wed) is a slower-paced class focusing on improving balance and muscle strength. **Range of Motion** (Tues) focuses on maintaining functional range of motion in all joints of the body and the **Low Impact** (Thurs) involves strengthening activities that will help improve overall health and activities of daily living.
